DETAILED ACTION

Claims 4, 7, 10, 13 and 16 are still at issue and are present for examination.

Applicants' arguments filed on 10-3-02, paper No. 17, have been fully considered and are deemed to be persuasive to overcome some of the rejections previously applied. Rejections and/or objections not reiterated from previous office actions are hereby withdrawn.

Surrender of Patent

Applicants' surrender of original Patent US 5,776,760, Barry et al. in Paper No. 19 is acknowledged.

Drawings

This application has been filed with drawings that have been objected to by the Draftsperson. Please see the PTO948 mailed with the previous Office action for details.

Information Disclosure Statement

The information disclosure statement filed 1-11-01 and 2-20-01 fails to comply with IDS requirements for a reissue application, i.e., provide a list of all publications listed on the original patent. It is noted that none of the above two Form 1449 lists US 4,481,335, Baldwin et al. that was previously listed on the Patent. Correction is required.

Sequence Compliance

This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 CFR 1.821(a)(1) and (a)(2). However, this application fails to comply with the requirements of 37 CFR 1.821 through 1.825 for the reason(s) set forth below.

This application does not contain, as a separate part of the disclosure on paper copy, a "Sequence Listing" as required by 37 C.F.R. 1.821(c).

A copy of the "Sequence Listing" in computer readable form has not been submitted as required by 37 C.F.R. 1.821(e).

Terminal Disclaimer

The terminal disclaimer filed on 10-3-02 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US 5,463,175 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Amendments

The amendment filed 2-20-01, paper No.8 proposes amendments to specification and the claims that do not comply with 37 CFR 1.173(b), which sets forth the manner of making amendments in reissue applications. A supplemental paper correctly amending the reissue application is required. (The inadvertent reference to Paper No.11 as the defective amendment instead of paper No.8 in the previous Office action is regretted. Please note: since claim 4 onwards are all new they need to be presented in a clean version, all underlined according to the new guidelines, for more information on this please visit <http://www.uspto.gov>).

Oath/Declaration

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 4, 7, 10, 13 and 16 are rejected as being based upon a defective reissue Declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

“Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant.”

Conclusion

None of the claims are allowed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
